Dear all,

Please check the following job announcement :

University of Liverpool, Department of Geography

Seasonal forecast verification scientist: 26 month position

28,289 UKP per annum

We are seeking to appoint a postdoctoral researcher to work on verification of seasonal lead time. The post is funded through both the ENSEMBLES and AMMA projects funded by the EU.

You will have research experience in one or more of the following fields: data analysis of ensemble forecasts, the running or application of existing numerical models. The post is available from November 2007.

Further details about the post and application procedure are available here

http://www.liv.ac.uk/working/job_vacancies/research/R-566376.htm

The initial closing date is 3 October 2007 but the post will remain open until filled. If you intend to apply within the next 7 days please contact me informally in the first instance.

Andy Morse, Ph.D., Reader, University of Liverpool
